

Yard Waste Restrictions

Yard waste is defined as grass, garden clippings, branch and tree trimmings, shrubbery, and leaves generated from the maintenance and operation of a residence. Yard waste is collected on the 1st and 3rd Wednesday from April through November. During the months of December through March, yard waste will be collected on the 3rd Wednesday.

When setting out the yard waste, the material must be in unlined waste containers **clearly marked yard waste** or in “Kraft” (brown) paper bags not weighing more than 50 lbs. Branches or tree trimmings must be cut into four (4) foot sticks and then bundled. The bundles can not weight more than 50 lbs. A resident may set out no more than 12 bags, waste containers, and/or bundles of yard waste material per pick up

Thank you,

CWI/Republic Services of Missouri
